

BRIDGEWATER CHURCH OF THE BRETHREN BUILDING & EQUIPMENT USE POLICY

I. UNDERSTANDING OUR CHURCH BUILDING

The Bridgewater Church of the Brethren endeavors to be an alive invigorating presence of Jesus Christ. This presence calls us into mission not only to ourselves but to the extended church family, community, and world. This mission, in the service and stewardship of the New Testament, challenges us to make our church building, along with ourselves, available for continuing the work of Jesus.

A church building is not a temple in the Old Testament sense; it is not holy ground in and of itself. It is more like the synagogue of the New Testament era where a wide range of community life was carried out: teaching, learning, worship, and fellowship. It is a place where significant moments are celebrated (i.e. baptism, love feast, eucharist, anointing, marriage, birth death). It is a special place where the people of God gather seeking to celebrate and to better understand their faith. It is often a place where the congregation as a group and as individuals catch their vision of ministry and from where those persons go forth to serve. And it is a place to use in implementing ministries that serve the community along with the wider church and the world.
